

DID YOU KNOW?

The House Science, Space, and Technology Committee held 23 hearings on environmental issues from 2015-2016.

The 23 environmental hearings called a total of 81 different witnesses.

The committee invited 43 witnesses from industry, but **only eight scientists.**

Scientists unaffiliated with industry or government groups were underrepresented.

Also underrepresented? **Environmental groups.**

- 43 Industry (Lawyers, Think Tanks, Trade Associations, Consultants, etc.)
- 22 Federal, State, and Local Government
- 8 Environmental Groups
- 8 Scientists and Academics

And the topics? Here's a few examples...

- Paris Climate Deal: A Bad Deal for America
- The Administration's Empty Promises for the International Climate Treaty
- State Perspectives: How EPA's Power Plan Will Shut Down Power Plants
- Hydraulic Fracturing: Banning Proven Technologies on Possibilities Instead of Probabilities
